

# HyFlex<sup>®</sup>

ADVANCED MECHANICAL PROTECTION

## 48-100

Designed for light applications that require good levels of comfort and abrasion resistance

Previously known as: Sensilite<sup>®</sup>

Multi Purpose

Light Duty

## Comfort and protection for lightweight applications

- Designed for light applications that require good levels of comfort and abrasion resistance
- Offering precise handling of small objects in dry or light oily environments, HyFlex<sup>®</sup> is the practical choice when you are looking for dexterity
- Provides enhanced safety, dexterity and durability compared to other glove options often used in the same applications

### Industries

- Automotive
- Machinery and Equipment

### Applications

- Chassis assembly, body trimming
- Production line support & maintenance
- Equipment repair & maintenance
- Assembly and disassembly of equipment
- Loading and unloading rough parts or boxes
- Picking parts and accessories

# HyFlex®

ADVANCED MECHANICAL PROTECTION

## 48-100

Designed for light applications that require good levels of comfort and abrasion resistance

Previously known as: Sensilite®

### Key Features

- Excellent abrasion resistance for an extended wear life
- Thin liner and coating offering great dexterity and flexibility
- HyFlex 48-100 allows extreme tactility where precision is required
- White colour to ensure process quality and avoid cross contamination

### Vulcanization Chemical Accelerators

- Natural rubber proteins

Only a very small number of users may be sensitive to this ingredient(s) and hence may develop irritant and/or allergic contact reactions.

### Performance Standards & Regulatory Compliance

#### REACH Compliant
