PPE CATEGORY II

Read the instructions carefully.

Complies with the requirements of the Regulation (EU) 2016/425

Product: Winter glove

Design:	„INDUSTRY ROXY WINTER“	Code:	3700 077 210 10	Size:	10	Production design:	RF-3504
Material:	Acrylic coated palm and fingers latex						

Purpose They may serve as a protection of hands against dirt and protection in the working areas where workers have to face mechanical hazards. Designed for manipulating materials in both dry and damp environments. Put the gloves on dry, clean hands.

The gloves were tested in accordance with EN 388 - mechanical hazards (The higher the number, the higher the protection factor)			
A (0-4)	Abrasion resistance:	Performance level	2
B (0-5)	Blade cut resistance	Performance level	2
C (0-4)	Tear resistance	Performance level	3
D (0-4)	Puncture resistance	Performance level	1
 A.B.C.D.			
EN 420 - protective gloves (general requirements)			
(1-5)	Dexterity	Performance level	5
„X“ = test not performed or not applicable..			

The protection levels (classes) apply only for the bottom parts of the gloves. The protection works only against the specified hazards. Do not use the gloves as a protection against different hazards and classes. The results apply only for the model classes, not for the protection levels (classes). The protection levels (classes) apply only for new gloves not washed or cleaned. The protection levels (classes) are determined based on the tests carried out in accordance with the conditions determined in the valid standards specified above.

Maintenance, lifetime: After use, make sure the gloves are removed from all pollutants. To prolong the life of the glove. The gloves are designed for single or short-term use only. Damp gloves should be dried out at a room temperature. Wash in hand, max wash bath temperature 30 °C. Any dirt should be brushed out using a soft brush, nitrile Wipe with a damp cloth. Do not clean chemically, bleach, dry in a tumble dryer, or iron. The gloves that are worn through, have holes burned through, or are hard must be replaced. We are not responsible for possible reduction of the protective function caused by improper maintenance.

Storing and transport: Storing in a clean, dry and ventilated place at the room temperature, without any contamination by moisture, dirt, mould, or other agents reducing the level of protection. Do not expose it to solar radiation. The supplier doesn't provide warranty for such damage. Carry them preferably in original package.

Accessories: The product is supplied without accessories.

Please note: The user must check the gloves before and after use to verify that they are in the required condition. Do not use the gloves for handling of flames or hot or heated objects, toxic chemicals or greasy objects.

The gloves must not be used in places where they may be caught by moving parts of machines. (Close to moving mechanisms.) The mentioned facts may help the user for rational use of this type of protective gloves. It is the responsibility of every user to judge, whether the gloves are used in suitable conditions.

Dangerous admixtures: The gloves contain allergen - Latex. They may cause an allergic reaction if used by sensitive people, including anaphylactic shock. If skin irritation or allergic reaction contact your doctor immediately.

Disposal: Dispose of used gloves with respect of the soiling level according to the applicable disposal regulations and the regulations of the local authority. Unused gloves can be disposed of with domestic waste.

EC Type Examination Certificate has been issued by CTC 4 rue Hermann Frenkel 69367 Lyon cedex 07 France. Notified body no. 0075.
